

Conservation Enhancement and Outreach Project

FY-16 Environmental Quality Incentives Program

Morgan and Guernsey County, Ohio

Resource Concerns:

Livestock Production Limitations- Inadequate Feed & Forage

Livestock Production Limitations- Inadequate water

Degraded Plant Conditions- Undesirable Plant Productivity & Health

Degraded Plant Condition - Excessive Plant Pest Pressure

Soil Erosion- Sheet & Rill

Soil Erosion - Excessive Streambank Erosion

Water Quality Degradation- Excessive Nutrients in Surface & Groundwater

Water Quality Degradation - Excessive Sediment in surface waters

Excess Water- Ponding, Flooding, Seasonal High Water Table & Drifted Snow
